- Transportation and stabilization services that protect the health and safety of the downtown community
- Harm reduction for individuals experiencing public intoxication

8,937 patients served
3,504 residents housed
1,126 job seekers assisted

2017
COMPREHENSIVE SOLUTIONS

Direct access to housing which supports lifestyle change.

Integrated health care services that are highly effective in engaging people who are often alienated from mainstream systems.

Attainment of income through employment and/or accessing benefits.

The development of peer relationships that nurture and support personal transformation and recovery.

**HOUSELESSNESS**

- Individual Factors
- Structural Factors
WHAT IS SUPPORTIVE HOUSING?

Combines and links permanent, affordable housing with flexible, voluntary support services designed to help the tenants stay housed and build the necessary skills to live as independently as possible.
SUPPORTIVE HOUSING IS RELATIONAL

EQUALITY VERSUS EQUITY

In the first image, it is assumed that everyone will benefit from the same supports. They are being treated equally.

In the second image, individuals are given different supports to make it possible for them to have equal access to the game. They are being treated equitably.

In the third image, all three can see the game without any supports or accommodations because the cause of the inequity was addressed. The systemic barrier has been removed.
CCC BELIEVES IN HOUSING CHOICE: DIFFERENT HOUSING FOR DIFFERENT NEEDS
